12/22/2017	Robert Adams	AT&T	Can you please provide all addresses, for your WAN connectivity including your host site. Also, what address will the internet circuit terminate?	Everything is on the same piece of property - same address	1/4/2018	1/28/2018

12/22/2017	Robert Adams	AT&T	You have a drawing attached in the RFP without site address Can you please provide those addresses? This is for the data network.	All buildings, all facilities are on one piece of property. I believe Machelles has answered this, too. We reside at 804 E. Pine - everything. There are no separate addresses.	1/10/2018	1/28/2018
1/19/2018	Brittany Hayes	Peoples	As we were reviewing the RFP you guys released, I realized that the last site visit day was 1/17/18 and that it was required in order to bid on the project. Will you disqualify all bids if we were unable to attend the site visit?	The site visit was required to make an accurate bid. I will not disqualify your bid, but there will be a point percentage assigned to those that did attend the walk through	1/19/2018	1/28/2018

1/19/2018	Brittany Hayes	Peoples	<p>Would it be possible to give me a drawing of the buildings or provide LAT/LONG to determine which building is which? With them all having the same physical address, it makes it difficult for my Engineering group to determine which building is which</p>	<p>We do not have good drawings currently which was the reason for the mandatory walk through. I will label them on a printout from Google Earth. That's the best I can do</p>	1/19/2018	1/28/2018
